

Often, clients cannot make it to the pantry themselves due to illness or infirmity. When that happens, clients can send a representative to the pantry to pick up food & clothing. All we require is that the client fill out the form below designating that person as their representative.

In addition, the representative will need to present his or her own photo ID when picking up food & clothing for the client. If the client misplaces this form before the visit to the pantry, the client can send a signed and dated note stating who their representative will be & family size. If this is the first visit, please send proof of residency along with your ID with your representative.

We require that the representative bring a completed form or a signed and dated note and their ID at the time of each visit.

If you are interested in the delivery of your items, please contact us at 252-589-7777 leave a voicemail with your **name, phone number and family size**. Although we cannot promise that we can deliver at this time, we may be able to assist soon. **(Residents 75 years and older or with disabilities)**
